Diploma of Interior Design (MSF50222)

Unit No	Unit Name	Descriptor	Competencies
IVOC01	Design Origins and Principles	Develop a comprehensive understanding of the interior decoration and design industries while building a strong foundation in essential skills such as colour schemes and freehand sketching.	CUAACD311 Produce drawings to communicate ideas CUADES302 Explore and apply the creative design process to 2D forms CUADES304 Source and apply design industry knowledge MSFID4016 Design colour schemes for interior and exterior spaces MSFID4019 Research interior decoration and design influences
IVOC02	Foundations of Space and Scale	Explore key principles of residential planning across a range of interior spaces. Create lighting layouts and bring your design concepts to life through 3D exploration.	CUAACD313 Produce technical drawings MSFID4013 Design residential interior lighting
IVOC03	Interior Schemes	Build confidence in selecting and sourcing furniture, textiles, furnishings, upholstery and window treatments to meet diverse client briefs. Learn to present cohesive interior schemes.	CUADES303 Explore and apply the creative design process to 3D forms CUAILL401 Develop and refine illustrative work MSFID4015 Prepare materials and finishes boards for client presentation MSFID4017 Research and recommend furniture and accessories MSFID4021 Design soft furnishing solutions for interior spaces MSFGN4001 Research and meet ethical and compliance requirements
IVOC04	Design Studio 1: Residential Design and Decoration	Consolidate your design skills by undertaking a real-world residential project—from initial briefing and space planning to the development of a complete interior furnishings scheme.	CUADES411 Generate design solutions CUADES413 Develop and extend design skills and practice CUADES512 Establish, negotiate, and refine a design brief MSFID4012 Decorate residential interiors

IVOC05	2D Digital Foundations, Structures, Systems and Standards	Master 2D drawing software to produce a complete documentation package. Learn the fundamental principles and practical applications of building structures, systems, the NCC and standards within the context of residential projects.	MSFID5025 Develop residential interior design project documentation
IVOC06	Design Studio 2: Residential Design and Planning	Design, plan and model residential spaces that respond to changing client needs, lifestyles and environments. Learn how to manipulate 3D space through exploring extensions, voids and stairs.	MSFID5020 Design residential interiors MSFID5021 Evaluate site structure and services for interior design briefs
IVOC07	3D Digital Foundations	Build dynamic detailed 3D models of interior spaces using the latest industry software. Apply materials, textures, and lighting and create stunning photorealistic renders.	CUAANM512 Create 3D digital environments
IVOC08	Design Studio 3: Conceptual Exploration and Translation	Master the art of concept development and creative exploration as you deep dive into the design process—from developing a unique concept to transforming ideas into pop-up spaces.	BSBCRT512 Originate and develop concepts CUAPPR514 Establish and maintain environmentally sustainable creative practice MSFID5027 Research and recommend colour applications and finishes
IVOC09	Design Studio 4: Commercial Environments	Discover how thoughtful design can transform the way people shop, work and collaborate. Create inspiring retail environments, innovative office spaces, and dynamic training facilities.	MSFID5024 Design workplace interiors
IVOC10	Interior Joinery Detailing and Documentation	Design and produce a detailed, industry-standard joinery documentation package. Refine your drafting skills and effectively communicate your design intent.	MSFID4014 Produce digital models and documentation for interior design projects
IVOC11	Design Studio 5: Hospitality Environments	Ignite your creativity and push the boundaries of design as you craft bold, experience-driven hospitality spaces – from buzzing bars to immersive restaurants.	MSFID5022 Explore and apply creative design methodology to interior space
